DX.MAP.CLUSTER

A software powered by www.imagingblue.com for the European Collins Collector Association (www.ccae.info)

Hello,

This is just a small software to display DXCluster as a dial. On a map band...

You can choose the type of QSO and the bands.

You can check for refreshing every minutes.

You can also scroll the band map. The UP button is used to display the top of the band map.

View a call QRZ.com: Check QRZ.com and click on a call. All is automatic.

View a call on Googlemap: Check GoogleMap and click on a call. All is automatic.

View all the activity on Googlemap: Check GoogleMap and click on ALL THE BAND.

This software will be included in the next CCAE_LOG software (www.ccae.info).

Play with it, enjoy radio and tell us if you like it.

13) A new version ?

If a new version is published you can upgrade DXMAPCLUSTER.

During INSTALL, DXMAPCLUSTER is closed and the setup is going.

You will have just to launch again DXMAPCLUSTER.

Go ahead !

The screenshot displays the DXmapCluster website interface. On the left, there is a window titled 'DX.MAP.CLUSTER' showing a software interface with various colored buttons and a list of call signs. In the center, under the heading 'Download - Télécharger', there is a large blue 'Download' button with a downward arrow icon, and a 'Setup' button with the text 'DX.MAP.CLUSTER'. Below these buttons, it says 'Download the last version setup.' and 'Télécharger la dernière version et installez...'. On the right, under the heading 'Donation...', there is a section for 'Donation CCAE' with a dropdown menu set to 'Donation 1 €5,00 EUR', a text input field for 'Your CALL ? Votre indicatif ?', and an orange 'Acheter' button. At the bottom of the donation section, there are logos for various payment methods including Mastercard, VISA, and others.

You can find this manual on the web site (www.ccae.info)

This software is free but you can help us to go further....

With a donation we can manage special calls (As TM0CR, TM6CCA,...), we can go in several hamfest to present the CCAE, we can imagine an expedition on a small island with Collins equipments...

We can promote more and more "La Radio" !
